

CH15HS Flameless Heater

The CH15HS industrial heater uses a patented turbofan jet engine technology to achieve industry leading heating efficiency. With greater than 95% efficiency, the CH15HS is also the most fuel friendly flameless heater in its class.

Features

- 1.5 million BTU equivalent
- 3.3 – 5.3 GPH fuel consumption
- Hot air delivery up to 500 feet
- 200°F temperature rise
- 3900- 7200 CFM
- 20" above WC static pressure
- 110% secondary containment
- Clean, breathable air
- Self-contained unit with no external power source required
- Three settings – High, Medium, Low
- Onboard diagnostic software with safety shutdown feature
- Rugged design for increased durability

A CH15HS heater delivering hot air to a tailings barge from 500 feet away

Applications

- Drill deck, pump station and water line heating
- Frost prevention system
- Heating multiple wellheads and BOPs
- Pipeline heating and Thermal Conditioning

Oil and Gas

- Concrete curing
- Ground thaw
- Aggregate Heating
- Worker Comfort Heating
- Multi-story construction heating
- Shotcreting

Construction

- Tank coating and curing
- Surface Preparation
- Moisture and humidity control
- Dehumidification
- Deicing
- Auxiliary heat

Coatings and Painting

A CH15HS heater thawing out a large area of ground at a construction site in winter

A single CH15HS heater providing hot, dry air to cure coating on a large tank evenly while keeping workers warm

Technical Specifications

Performance

BTU rating	1.5 million equivalent
CFM range	3900 – 7200 CFM
Static Pressure	20' above WC

Fuel Data

Fuel Capacity	200 gallons
Fuel Type	ULSD diesel#1, Diesel #2 or Kerosene
Fuel Consumption	3.3-5.3 gph

Engine Data

Type	Micro Turbine
Oil Type	Mobile 1 Synthetic ATF

Dimensions

Height	Length	Width	Dry Weight
8'	12'	6'8"	3500 lbs

Additional Features

- GPS tracking for location and runtime
- Minimum runtime of 40 hours between fueling
- Electronic fault check system
- Strobe Operating light
- Low Fuel shutdown
- Trailer hitch 2 5/16" Ball or Pintle

With our 24x7 service response model, we strive to eliminate downtime and guarantee fastest service turnaround.

The Jet Heat CH15HS heaters are available for SALES and RENTAL
